

TruLookup Investigative Products

OVERVIEW

Powered by our industry-leading platform TLOxp®, TruLookup fuses 10,000+ public and proprietary data sources to deliver an actionable picture of the relationships between people, assets and businesses for faster due diligence and issue resolution.

PRODUCT FEATURES

Make intelligence actionable

Establish relationships and connect individuals to assets and businesses, delivering answers drawn from thousands of public and proprietary data sources in seconds.

Conduct investigations quickly

Discover, examine and assess information backed by a trusted source of information and insights that stewards data with care.

Resolve issues, recover assets

Better resolve red flags, verify claims and recover debt and assets with skip tracing and right-party contact solutions.

BETTER INTELLIGENCE IMPROVES INVESTIGATIONS

Investigate and alert

Help obtain information about individuals (e.g. date of birth, address, bankruptcies and more) and businesses to investigate and understand risk associated with them.

Locate and recover

Provide information and insight that customers can leverage to locate individuals and recover dollars, property or other assets.

Identity enrichment

Enrich identity data with updated insights, resulting in fresh, actionable and robust consumer information.

TruLookup Solutions

Leverage operational solutions that provide intelligence about a person and their identity, contact information, relationships and physical assets to help find and investigate individuals for due diligence or issue resolution. TruLookup products can be delivered by our industry-leading TLOxp platform or by API or batch.
